

Tackling Health Inequalities

Tuesday 19th April
@ The Resource Centre

Programme

The aim of this workshop is to improve the practical grasp of health issues by voluntary/community sector providers working with those most disadvantaged in the labour market with reference to the demands of the ESF London Programme, where health is a cross-cutting theme.

9.30am Registration

10.00am **Welcome & Introductions**

Health as an ESF Cross-Cutting Theme
Anthea Cooke: Inukshuk Consultancy

~ how to incorporate health as a cross-cutting theme into projects and to monitor impact on factors likely to affect the health and well-being of beneficiaries. Using the purpose-built Framework Tool developed in conjunction with the Mayor's Health Commission, the focus is on showing how current and future ESF providers can promote health and well-being in their projects.

QUESTIONS

11.15am Refreshment break

11.30am **Working with ESF Beneficiaries**
Barbara Deason: LVSTC

What you can do to improve health:

- at an organisational level
- with your beneficiaries in general
- by helping individual beneficiaries

QUIZ & CASE STUDIES

12.30pm Close

Participants are invited to book a free 1½ hour one-to-one surgery with a member of LVSTC staff at Bromley Hall on any aspect of organisational support.
