

# The 'Moving On' Training Offer -2005

LVSTC has developed a series of learning workshops aimed specifically at voluntary and community sector providers. Our 'Moving On' offer has been designed to help project holders, partners and provider organisations to improve their ESF projects and organisational capacity. All events are scheduled to run in the morning from 9.30am and will be half-day sessions with refreshments provided.

In addition to these workshops, LVSTC also provide close project support on all issues concerning providers, tailored to individuals or whole organisations requiring information, training, guidance or support. If you require support but are unable to take advantage of the 'Moving On' seminars, please contact us. Places are limited on these events so please book early.
